

URPI & mini-URPI

Ultra-Rapid Process Discovery Improvement Facilitation Training – 3 days

The Active Learning course teaches participant how to organise, prepare for and facilitate the 2 days of the URPI process which include an URPI iMapping workshop and a follow up URPI Process improvement Workshop.

On completion of the Ultra-Rapid Process Improvement course and accreditation participants will have:

- An understanding of the fundamentals of Systems Thinking and Systems Dynamics
- Proven capability and confidence to successfully identify, run and complete an Ultra-Rapid Process Improvement project which includes:
 - Scoping the project and defining the outcomes required
 - Establishing the right team
 - Facilitating an iMapping workshop
 - Running an improvement workshop to identify priority improvements
 - Following through on the actions to ensure completion
- Completed a set of real improvement projects which deliver concrete results

Deliverables

- Enzyme-trained and accredited staff in Enzyme Ultra-Rapid Process Mapping (iMap) methodology to the level that they are able to identify, plan and conduct successful process improvement projects.
